III/ Read the passage, then decide if the statements that follow are True – False.

Parents speak in a different way to young children. They are not aware of doing this, but they actually change the way they speak. When a baby says its first words, its parents speak very clearly to it. They stop making the kinds of errors which are usually so common in ordinary speech. They also speak to the baby in a slightly higher voice. Finally, they usually ask simple questions and do not use many statements.

- | | |
|--|-------|
| 19. Most parents speak in the same way to young children. | _____ |
| 20. Parents often whisper when a baby says its first words. | _____ |
| 21. Parents make few mistakes when speaking to their babies. | _____ |
| 22. Parents never ask their babies any questions. | _____ |
