| 7. a. awake | b. unconscious | c. asleep | d. warm |
| 8. a. arrives | b. is arriving | c. arrived | d. has arrived |

Read the passage and decide the sentences are TRUE or FALSE.

People pollute the environment by throwing litter or garbage all over the places every day. They also dump empty bottles or cans into the rivers, lakes and seas, making the water unclean. They also cut a lot of trees to get good pulp for making paper. To protect the environment, everyone should classify and put the garbage in a certain bag for making compost and they should recycle waste paper to avoid cutting a lot of trees. We can protect the environment by doing like that. We also should plant more and more green trees because trees help to hold the soil, prevent us from floods and give us fresh air and shade in summer.

1. Throwing litter or garbage everywhere makes our environment polluted seriously.
2. Planting more and more trees cannot help us prevent floods.
3. Recycling waste paper makes us waste a lot trees.
4. Dividing garbage into different groups also takes an important role in protecting the environment.

Read the passage and then choose the correct answers.

Every day of the year throughout the world, about twenty million paper bags and newspapers are screwed and thrown away. Making paper requires a lot of wood pulp and the work of millions of workers. Many countries have had plans to recycle waste paper to save money and labor. In countries where there is the cooperation of the public, paper mills recycle as much as sixty percent of waste paper. Their simple work is to take away the ink, crush it up and make it into pulp again. For every ton of recycled newsprint, twelve trees can be saved. We can insist that the more paper people save, the more trees are preserved.

1. _____ is used for making paper.
a. paper bag b. newspaper c. wood pulp d. waste paper
2. To save money and labour, many countries _____.
a. encourage people to use less paper
b. have plans to recycle waste paper
c. persuade people not to cut down trees
d. make plans to produce pulp
3. How much waste paper do paper mills recycle?
a. 6% b. 16% c. 60% d. 66%
4. The word "it" line 7 refer to _____.
a. wood pulp b. waste paper c. newsprint d. ink
5. Which of the following sentences is not true?
a. Millions of paper are thrown away every day.
b. Making paper requires a lot of labour.
c. One ton of recycled paper save twelve trees.
d. People plant more trees in order to make more paper
