After several weeks, you will see that your writing is improving. The third step is to keep a record of your language learning. You can write this in your journal. After each class, think about what you did. Did you answer a question correctly? Did you understand something the teacher explained? Perhaps the lesson was difficult, but you tried to understand it. It's important to practice every day and make a record of your achievements.

Online shopping offers consumers the opportunity to shop from the comfort of their own home. According to those who sit at their computer and shop, the greatest benefit of this is that it saves time. They feel it is quicker to surf the Internet in search of goods than to travel to and from traditional retail outlets to do their shopping. In addition to reducing the amount of time spent shopping, the Internet also provides customers with the chance to **make purchases** from shops around the world. The variety of goods available on the Internet is far greater than that available even in the largest of shopping centers.

Moreover, purchases can be made without the interference of sale staff, whose presence is often unwanted. How many of us have returned from a shopping trip with something we didn't really want? We have often been talked into buying it by a highly persuasive sales assistant.
