30. If the weather gets worse, the children school for some days.
A. don't have B. didn't have C. wouldn't have D. won't have

III. READING: TRUE/ FALSE

A. Living in the country is something that people from the city often dream about. However, in reality, it has both advantages and disadvantages.

There are certainly many advantages of living in the country. First, you can enjoy peace and quietness. Moreover, people tend to be friendlier. A further advantage is that there is less traffic, so it is safer for young children. However, there are certain disadvantages or drawbacks to life outside the city. First, because there are fewer people, you are likely to have few friends. In addition, entertainment is difficult to find, particularly in the evening. Furthermore, there are fewer shops and services so it is quite hard to find jobs. As a result, you may have to travel a long way to work, which can be extremely expensive.

In conclusion, it can be seen that the country is more suitable for some people than others. On the whole, it is often the best place for those who are retired or who have young children. In contrast, young or single people who have a career are better provided for in the city.

1. People in the city tend to be friendlier than people in the country.
2. Having few friends is one of the drawbacks to life in the country.
3. It's not easy to find entertainment in the country.
4. The country is only suitable for retired people.

B. Nowadays, with the help of Communication Technology, it is much easier for us to study or improve our knowledge. One way to do that is online learning in which people from one country can attend a college or university in another. Online learning is very convenient and cheap because we just stay at home and use a computer. Many universities in the world have been offering online classes for a number of years, and many students who have taken online classes say that they like them so much. Only reason is because they do not have to travel to a building at a busy timetable to listen to a professor. In addition, learning online programs is also diverse, so learners can receive programs for all levels from a distance education. Some online programs are very good and believable. They provide students with all information they need to finish their course. However, you should not send money to any schools that say you can get a college degree without doing any work. These online courses might be illegal organizations. So, thinking carefully is necessary before getting an education online. Be alert!

1. Online learning course is one of convenient ways to study more.
2. Learning online and learning at traditional classes are useless and uneasy.

3. All of the students all over the world have taken online classes. False
4. The online programs are so believable that the students can have them to complete their courses.

C. The zipper is a wonderful invention. They are very popular, so we forget that they are wonderful. They are strong, but they open and close very easily. They come in many colors and sizes. In the 1810s, people in the US wore high shoes or clothes with a long row of buttons. It was hard for them to wear anything. They wanted an easier way to put on and take off clothes. Whitcomb Judson invented the first zipper in 1839. He called it a slide fastener. A zipper has three parts. There are dozens of metal or plastic teeth in two rows. These are fastened to two flexible strips of cloth. A fastener slides along and fasten the teeth together. When it slides the other way, it takes the teeth apart.

1. The people in the USA have used zippers since the 1810s.
2. Zippers are hard for us to wear anything.
3. Whitcomb Judson was the first zipper inventor.
4. Zippers are only made of metal.

D. The media are the main ways that large numbers of people receive information and entertainment, that is television, radio, newspaper and the internet. However, before newspaper was invented, people got news from town criers. They would go through the city streets ringing a bell, shouting the latest news as they were walking. Nowadays, television helps people get the latest information, and enjoy interesting programs in an inexpensive and convenient way. Viewers can watch a variety of local and international programs on different channels. The next stage in the development of television is interactive TV. Remote controls are used to help interact with TV. In addition, people can communicate with their friends by using the internet. It's a wonderful invention of modern life. In the world, the media is an useful way to connect you with the world.

1. Newspaper appeared after town criers.
2. The latest information isn't available in the media nowadays.
3. In the past, town criers are the means of communication.
4. Interactive TV is the next stage in the development of TV.
