VI. Read the following passage then decide whether the statements that follow are True or false

One of the most effective ways to increase your vocabulary is through newspapers. They are cheap and they have a wide variety of words. When you read an English newspaper, make a list of eight to ten words you don't know. Look them up in a dictionary. Then add them to your vocabulary notebook. If you learn eight new words each day, you will be learning new words faster than the average American. After a month or so, your English vocabulary will be improved so much and that will help you a lot in learning English.

- Reading newspapers is a good way to learn new words.
- You don't spend much learning new words through newspapers.
- You will become an average American if you learn eight words a day.
- You shouldn't look up the new words in a dictionary.
