IV. Read the passage then choose the answer True or False: (1.5 pts)

Water is very necessary to people and other living things. Without water, people, animals and plants cannot live. Nowadays, water is becoming extremely polluted. Most of this pollution comes from the land, which means it comes from people. And water on the Earth is now being polluted seriously by throwing trash and the waste chemicals from factories. Badly polluted water can cause illness, and even death as well as kills fish and other marine life. According to some researchers, we won't have fresh water to live in a few decades. Therefore, we have to protect the water source as well as save it.

- | | |
|--|--------------|
| 23. We cannot live without fresh water. | [True-False] |
