

Phần làm bài nộp cho GVBM:

EXERCISES

A. LESSON 3

Exercise 1: (STUDENT'S BOOK/ 88)

New Words a. Match the numbered words in the text with the descriptions.
Check with a partner. Listen and repeat.

In the future, people may have a better life because of new technology. We could have drones and robot police instead of human police. They may also help to reduce (1) **crime** in cities, and be quick and easy to (2) **build**. Future technology might help people (3) **produce** things faster. Machines and robots may (4) **last** longer, too. Also, robots could be more (5) **efficient** than humans when they work in dangerous places like the South Pole. I think people may give a (6) **rating** to new technology to show how good or bad it is.

A. ____ to make something by putting things together
B. ____ a number or a letter to show how good something is
C. ____ something bad like stealing or hurting someone else
D. ____ able to do things without wasting time and energy
E. ____ to continue to work
F. ____ to make or grow something

8.

Exercise 2: STUDENT'S BOOK/ 99

Reading a. Read the article and fill in the blanks.

plastic
change
wirelessly
projected
operated

Vietnamese Classrooms of the Future

Lee White, July 20

With technology changing every year, things will (1) change a lot for schools in Vietnam. Blackboards will not be used in many classrooms any more. The lessons will be taught with smart boards, computers and other devices. Students will not use pens and paper to do their work. Laptops and tablets will be used instead. They will change a lot in the future. They will be charged (2) ? with solar power. They will be (3) ? by voices and thoughts. Plastic keyboards will not be needed because keyboards will be (4) ? onto desks. Laptops will be made of recycled (5) ? so they will be cheaper, too.

Vietnamese schools will change in the future because of new technology.

Laptops in a classroom

(6) Read the article again. What's the main idea of the article? Circle the correct answer.
